

CARL PATRICK ADRIAN AGUAS

FULL-STACK DEVELOPER INTERN

Sumatra Street, Filinvest East, Cainta, Rizal | cpacaguas@mymail.mapua.edu.ph | <https://carlportfolio.vercel.app/>
<https://www.linkedin.com/in/carlaguas/> | <https://github.com/Dokkai-B>

Motivated Computer Science student with a strong foundation in software development, web applications, and database management. Currently seeking an internship to apply my technical skills in a real-world setting, contribute to innovative projects, and further develop my expertise in both frontend and backend development. Passionate about problem-solving and eager to learn from industry professionals.

ACADEMIC PROJECTS

SaveEat

Mobile Application

- Role: Team Lead, Frontend & Backend Development
- Designed as a budget and nutrition tracker to help users manage their dietary intake and expenses.
- Developed using JavaScript and React Native for cross-platform functionality.
- Integrated with Edamam API to provide accurate nutritional information for foods registered in the database.
- Utilized Firebase for database management, ensuring secure storage of budget data and user information.
- Designed the UI/UX prototype using Figma.

Womens Club

Web Application

- Role: Team Lead, Frontend & Backend Development
- Developed and deployed a website for a non-government volunteer organization in Quezon City, focused on managing members, events, and donations.
- Utilized JavaScript, React, CSS, HTML, and Chakra UI for the frontend, with Firebase for database management and authentication.
- Deployed on Vercel for seamless hosting and performance.
- Designed the UI/UX prototype using Figma.

Heart to Art

Mobile Application

- Role: Team Lead, Frontend & Backend Development
- Designed for artists to manage commissions, for clients to request art services, and to facilitate communication between clients and artists.
- Developed using JavaScript React Native for cross-platform mobile functionality.
- Implemented user authentication and database management/storage using Firebase to securely manage artist and client accounts.
- Designed the UI/UX prototype using Figma.

FREELANCE PROJECTS

- **NEXT:** Video Advertisement
- **LuFong:** Posters and Advertisements
- **Classic Watch MNL:** Logo
- **JZ Perfumery:** Logos and Product Visuals
- **Rocket Fuel:** Logo
